

Construction Skills – SMSTS

Introduction

This course is designed for site managers, agents and persons who are, or are about to be, responsible for planning, organising, monitoring, controlling and administering groups of staff and workforce. The course covers all relevant legislation and other aspects which affect safe working in the building, construction and civil engineering industries. It highlights the need for risk assessment in the workplace, the implementation of the necessary control measures and adequate communication to sustain a health and safety culture among the workforce.

Delegates will be required to complete three core exercises, a case study and an end of course examination.

Upon successful completion of the course, delegates will receive a Construction Skills Certificate that is valid for five years.

Full course price includes CITB certificate, SMSTS Delegate Workbook XA6, Construction Site Safety GE 700, light lunch and refreshments.

If your company is in the CITB Levy scheme £50.00 can be claimed back per day for the length of any Site Safety Plus course

Duration: 5 Day Course
