

Construction Skills – SSSTS

Introduction

This two day course provides supervisors with an understanding of health, safety, welfare and environmental issues, as well as their legal responsibilities relevant to their work activities.

Delegates will be required to complete a multiple-choice assessment as well as participate throughout the course.

Upon successful completion of the course delegates will receive the Site Safety Plus Construction Site Supervisors Safety Certificate accredited by the CITB.

CITB Certificate, CITB publication GE706, a Toolbox Talk Manual, light lunch and refreshments are all provided

If your company is in the CITB Levy scheme £50.00 can be claimed back per day for the length of any Site Safety Plus course

Learning Outcomes

At the end of the course delegates will be able to:

- **Understand** the problems of the industry
- **Have** an understanding of how health and safety law is structured and how it applies to supervisors
- **Identify** how their role fits in with the management structure in controlling site safety
- **Carry** out risk assessments and understand the need for method statements
- **Carry** out effective site inductions, toolbox talks and method statement briefings
- **Monitor** site activities effectively
- **Understand** the importance of timely intervention when bad practice is identified

COURSE CONTENTS

The aim of this course is to ensure that all those given supervisory responsibilities understand:

- **Why** they are carrying out their identified duties
- **What** is expected of them
- **That** they contribute to the safety of the workplace

The course covers The Health and Safety at Work Act and the regulations relevant to the construction industry to include:

- Health and Safety Law
- Developing a Health and Safety Management System
- Occupational Health
- Fire Prevention and Control
- Risk Assessment and Method Statements
- Hazardous Substances
- CDM Regulations
- Working at Height
- Personal Protective Equipment
- Manual Handling
- Accidents and First Aid

Duration: 2 Day Course
